

Winning form: a clean sweep for WLNC at PGL

In mid-May WLNC travelled to Shropshire to take part in a PGL netball tournament weekend. 53 girls aged between 11 to 16 years old excitedly boarded the coach on the Friday evening.

After dinner and some evening activities, the girls headed to bed ready to focus on their netball play on Saturday. The club saw great success with all six netball teams making it through to the semifinals in all four age groups. But it wasn't all netball, the teams also had the opportunity to take part in various PGL activities including a giant swing, trapeze and zip wires.

Sunday morning witnessed a competitive netball game between coaches vs PGL staff (won by the coaches - many of who were from WLNC). The serious business of the semis and finals was then all to play for. There were some excellent skills on show - fast and accurate passing, impressive shooting and interceptions. Some games were extremely close, even requiring extra time, however WLNC swept the board by coming first in all four age groups.

Every player came home with a medal, happy memories and benefited from a real team bonding experience. Well done girls and thanks to the coaches and parent helpers for giving up their weekend and making it so much fun.
